Juvenile Justice
Services Mentoring
Program

The Juvenile Justice Services
Mentoring Program is designed to
assist at-risk youth by
implementing a one-to-one
mentoring program for juveniles
involved in the Justice System.

PROGRAM GOALS

Serve At-Risk Youth

- Improve Academic Performance
- Support Youth Awareness of Vocational Opportunities
- Reduce Juvenile Crime

We believe these goals can be accomplished through matching volunteer mentors for a one-to-one supportive relationship between an adult and at-risk youth.

MISSION STATEMENT

To improve the lives of at-risk youth within the community and enable them to become productive, responsible individuals by facilitating one-to-one mentoring relationships between our youth and community volunteers, emphasizing the positive aspects of life.
